Acroprint
C-72 Watchman's Clock

**Reliable Records
of Patrol Activity**

ACROPRINT®
Time for Business.™

The Watchman's Clock provides economical, easy to use, reliable proof of security personnel patrols.

Sample key station and C-72 clock

Features

- Key print mechanism records key station location and time, with positive imprint on NCR circular chart.
- Each clock supports up to 30 stations: 15 numeric and 15 alpha.
- Uses 72-hour disk to support patrols up to 3 days.
- Shock-resistant mounting and case provide high-impact protection.
- Rubber-coated case withstands harsh internal and external environments.
- ABS molded key stations allow indoor or outdoor use.
- Quartz movement and electronic timekeeping assure high accuracy and long life.
- Opening detector records each time the case is opened.
- Double casing lock protects against tampering.
- Clockface display makes time easy to read.

Benefits

- Provides tamper-proof record of patrol. May help lower insurance costs.
- Assures that security personnel make appointed rounds at prescribed times.
- Protects against robberies, fires, and industrial accidents which often occur due to insufficient patrolling.
- Maintains strict supervision of watchmen.
